

## **Buying a transmission from Muldoon's Performance Transmissions (MPT)**

There are multiple ways you can purchase a 47RE/RH or 48RE transmission from us. Here are some of the separate scenarios:

- **Shipped to me – I'll send in my core afterwards**
  - o Place your order and select the "I will send my core in after purchase (+\$2,000)" option.
  - o Under Shipping Method, select the appropriate address type (Commercial or Residential). MPT will coordinate the set-up of freight shipments.
    - If Commercial selected, please provide Business Name and address
    - If Residential selected, please provide address
  - o MPT will ship your transmission when completed (usually 3-4 weeks).
  - o Once your core is ready to be returned, follow the instructions provided on page 2 of our Transmission Instructions (sent with your transmission) and MPT will set up the return shipping of your core.
  - o Once core is received and assessed by MPT, we send you a check for the appropriate core refund amount.
  
- **Shipped to me – I'll provide my core up-front**
  - o Place your order and select the "I will send my core in to be built" option. Note: MPT will not typically build from your actual core.
  - o Under Shipping Method, select the appropriate address type (Commercial or Residential). MPT will coordinate the set-up of freight shipments.
    - If Commercial selected, please provide Business Name and address
    - If Residential selected, please provide address
  - o Once your core is ready to be sent, follow the instructions provided on page 2 of our Transmission Instructions and MPT will set up the return shipping of your core.

  - o MPT will ship your transmission when completed (usually 3-4 weeks).
  
- **Local Pickup – I'll deliver my core afterwards**
  - o Place your order and select the "I will send my core in after purchase (+\$2,000)" option.
  - o Under Shipping Method, select "Local Pickup" option
  - o MPT will notify you when your transmission is completed (usually 3-4 weeks) to set up a date/time for your pickup.
  - o Once your core is ready to be returned, contact us to set up a date/time for the drop-off.
  
- **Local Pickup – I'll provide my core up-front**
  - o Place your order and select the "I will send my core in to be built" option. Note: MPT will not typically build from your actual core.
  - o Under Shipping Method, select "Local Pickup" option
  - o MPT will notify you when your transmission is completed (usually 3-4 weeks) to set up a date/time for your pickup/core drop-off. We will need about one hour to break-down/assess your core.
